BASIC INFORMATION

This simple and elegantly designed switch is very comfortable to touch, enabling the execution of three sets of commands separately. This switch, which is available in 1, 2, 3, and 4 gangs with 1.3cm thickness, can be carried and stuck anywhere you want to perform scenes such as off mode, home mode, movie mode, etc. . Single Click, Double Click, and Long Press are required to perform preset commands either manually or using your TIS App , It is useful for offices, hotels, balconies, bedrooms, kitchens, and more.

1

WARNINGS & SAFETY INSTRUCTIONS

⚠ **The following must be read, kept, and observed before installation:**

- Installation must be carried out by a qualified electrician in accordance with local regulations.
- Keep the device out of the reach of children and away from water and damp or hot environments.
- Install the device away from strong signal sources, such as microwave ovens, which may cause signal interruption resulting in abnormal device operation.
- Obstruction by concrete walls or metallic materials may reduce the effective operation range of the device and should be avoided.
- Do not attempt to disassemble, repair, or modify the device by yourself.
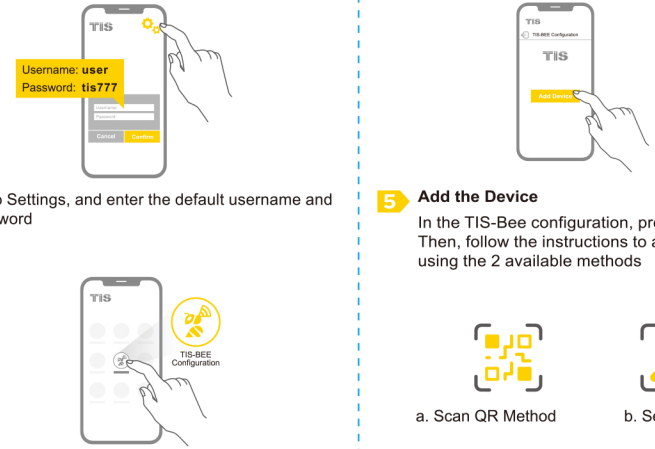

2

MOUNTING THE DEVICE

- Fix it anywhere you like using the double-sided tape on the back of the switch

3
