

VESA Wall Mount for LCD Monitors

Fits displays with 75 x 75 and 100 x 100mm mounting holes

For 10-34" Displays

Locking anti-theft screw

Tilt adjustment: up: 3° / down: 12°

Thumbscrews for fixing display

Portrait or Landscape

This Vision Flat-Panel Mount (VFM) mount is quick and easy to install. It fits any flat-panel LCD screen which uses the common VESA 100 x 100 mm apart. Most desktop monitors use this mounting pattern making it perfect for office applications.

Tilt

15° of tilt adjustment for applications where the display is fixed up high.

SWL 25 kg(55lb)

Most desktop monitors are lightweight, but interactive displays and kiosk touch-panels are much heavier. This mount can easily support most monitors from 10" to 34".

Thumbscrews

The screws included to fix the display are thumbscrews for fast tool-free assembly.

Secure

Once in place a locking screw is fitted to avoid theft.

Portrait

Mount the display portrait-style or landscape style as required.

Simple Installation

A proven 2-part design allows fast fixing, with slotted holes on the wall part allowing leveling adjustment after fixing.

Display Fixing Screws

Vision include more screw sizes than other manufacturers to ensure you get that display on the wall as quickly as possible every time.
